

KAMRAN RAZA

ISO Lead Auditor | Quality & Compliance Professional | Engineering & Technology Specialist

Taoyuan City, Taiwan | +886-0911691170 | rza.ae95@gmail.com | LinkedIn: kamran-raza-766212145

PROFESSIONAL SUMMARY

Results-driven professional with 6+ years expertise in quality assurance, compliance management, and ISO certification across Taiwan and international markets. M.Sc. graduate from National Cheng Kung University with comprehensive background in management systems (ISO 9001/14001/22000/46001), third-party auditing, risk assessment, and regulatory compliance. Proven track record of 25% compliance improvement and 30% product recall reduction through systematic quality management approaches. Engineering foundation with strong analytical, problem-solving, and cross-cultural communication capabilities. Experienced in coordinating certification projects, conducting audits, and implementing quality systems across manufacturing, food safety, water management, and engineering sectors.

CORE COMPETENCIES

- ISO Management Systems | Quality Assurance | Compliance & Certification Management
- Third-Party Auditing | Risk Assessment | CAPA & Root Cause Analysis
- Documentation Control | Regulatory Affairs | HSE Compliance
- Project Coordination | Stakeholder Management | Cross-Cultural Communication
- Engineering Background | Technical Analysis | Process Improvement
- Research & Development | Data Analysis | Technical Documentation

PROFESSIONAL EXPERIENCE

Overseas Coordinator - ISO Lead Auditor & Trainer

AFNOR Asia / BellCERT International | January 2025 - Present

- Coordinate international ISO certification projects (ISO 22000, ISO 19011, ISO 46001) for Taiwan and Asia-Pacific clients
- Support Taiwan clients in achieving ISO certifications for business expansion and regulatory compliance
- Deliver ISO 46001 Water Efficiency Management Systems training to multinational organizations
- Manage certification documentation, audit coordination, and stakeholder communication across international projects

Technical Auditor - Quality & Compliance

BellCERT International & GulfTIC | March 2024 - Present

- Conduct third-party certification audits for 15+ Taiwan and Greater China manufacturers
- Lead quality assessments for major corporations (Yakult Taiwan, Diversey Hygiene Taiwan, EverGoods Global, PULY Co.)
- Implement ISO 22000, HACCP, and international compliance standards across diverse industries
- Identify non-conformances, manage CAPA processes, and ensure corrective actions implementation
- Achieve 25% compliance improvement across audited organizations through systematic management approach

Quality Control Specialist

Fong Chen Frozen Food Ltd., Taiwan | August 2022 - December 2023

- Managed ISO 22000 & HACCP food safety management systems for Taiwan frozen food manufacturer
- Led internal audits achieving 30% reduction in product recalls and 25% improvement in compliance metrics
- Implemented international certification systems enabling export market access to global markets
- Managed documentation control, procedure distribution, version control, and quality system maintenance
- Conducted quality risk assessments and managed continuous improvement programs

Research Assistant

National Cheng Kung University, Taiwan | August 2021 - July 2022

- Conducted advanced research on non-thermal plasma biotechnology for sustainable food processing
- Supported risk assessments, laboratory quality audits, and technical documentation
- Collaborated with cross-functional research teams on innovative technology development projects

Graduate Engineering Trainee

Jain Irrigation Systems, India | 2018-2019

- Assisted in installation and maintenance of micro-irrigation systems and engineering infrastructure
- Supported engineering operations, quality control processes, and technical documentation

KEY ACHIEVEMENTS

- 6+ years continuous professional engagement in Taiwan (2019-Present) with established professional network
- 15+ certification audits for Taiwan companies including Yakult Taiwan, Fong Chen, EverGoods, Diversey, PULY Co.
- 25% compliance improvement across audited Taiwan organizations (NCR reduction)
- 30% product recall reduction at Fong Chen Frozen Food Ltd. (2022-2023)
- Enabled manufacturers to access international markets through ISO and international certification programs

EDUCATION

Master of Science (M.Sc.) in Food Safety & Risk Management

National Cheng Kung University (NCKU), Tainan, Taiwan | 2019-2021

Specialized in risk assessment, quality systems, compliance management, and advanced technology applications. Thesis: Mitigation of Agrochemical Residues from Dried Chrysanthemum Using Atmospheric Pressure Non-Thermal Plasma | Supervisor: Prof. Hsiu-Ling Chen, Director, Department of Food Safety & Hygiene

Bachelor of Technology (B.Tech.) in Agricultural Engineering

National Assam University, India | 2013-2017

Engineering foundation in systems design, process engineering, quality control, and technology implementation. Relevant coursework: Post-Harvest Technology, Soil & Water Conservation, Farm Machinery, Engineering Systems

RESEARCH & PUBLICATIONS

- Published Research: Kumar, G.V.P., Khobragade, C.B., Yadav, R., and Raza, K. (2019). Development and Performance Evaluation of an Electric Motor Powered Ginger Washing-Cum-Peeling Machine. Int. J. Curr. Microbiol. App. Sci., 8(2): 722-737
- Master's Thesis: Mitigation of Agrochemical Residues from Dried Chrysanthemum Using Atmospheric Pressure Non-Thermal Plasma (NCKU, 2021)
- Conference Presentation: 35th Environmental Analytical Chemistry Online Symposium (Taiwan, 2021) - Poster Code: PB-09

PROFESSIONAL CERTIFICATIONS (26 Total)

ISO Management Systems & Lead Auditor Certifications

- ISO 22000:2018 Food Safety Management Systems - Lead Auditor (AFNOR Asia, 2024)
- ISO 46001:2019 Water Efficiency Management Systems - Lead Auditor (AFNOR Asia, 2024)
- ISO 19011:2018 Auditing Management Systems (AFNOR Asia, 2024)
- Training on Fundamentals of Food Safety and Food Defence (FIRDI Taiwan, 2023)

International Standards & Compliance Certifications (22 additional)

Certified Compliance Professional, OIC/SMIIC Standards (Food, Pharmaceuticals, Supply Chain), GSO 2055-1, Product Standards & Testing, Global Market Access, HACCP Implementation, Risk Assessment, Quality Management

TECHNICAL SKILLS & CAPABILITIES

- **ISO Standards:** ISO 9001, ISO 14001, ISO 22000, ISO 46001, ISO 19011, HACCP
- **Quality Systems:** Quality Assurance, Quality Control, CAPA Management, Root Cause Analysis

- **Compliance:** Regulatory Affairs, Third-Party Auditing, Certification Management, HSE Compliance
- **Risk Management:** Risk Assessment, Environmental Impact Assessment, Non-Conformance Management
- **Documentation:** Documentation Control, Technical Writing, Procedures Management, Version Control
- **Engineering:** Process Engineering, Systems Design, Technical Analysis, Problem Solving
- **Research:** Research Methodology, Data Analysis, Laboratory Analysis, Technology Development
- **Software & Tools:** MS Office Suite, AutoCAD, Digital Audit Forms, Data Analysis Tools, CAPA Tracking Systems, Laboratory Analysis Tools

LANGUAGES

English (Fluent - Professional) | **Urdu & Hindi** (Native) | **Mandarin Chinese** (Basic - Conversational)

INDUSTRY EXPERIENCE

Manufacturing | Food & Beverage | Biotechnology | Water Management | Engineering | Hygiene Products | Pharmaceuticals | Quality Assurance | Compliance & Certification | Research & Development

PROFESSIONAL AFFILIATIONS

- Taiwan Halal Industry Promotion Association (THIPA) - Active Member
- Halal Product Development Services (HPDS), Canada - Remote Advisor
- International Certification Bodies Network - AFNOR Asia, BellCERT International, GulfTIC

ADDITIONAL INFORMATION

- **Work Authorization:** 6+ years continuous residence in Taiwan with established professional network
- **Availability:** Available for full-time positions. Adaptable to shift work and manufacturing environments
- **Relocation:** Willing to relocate within Taiwan for suitable opportunities
- **Cross-Cultural Competence:** Extensive experience working in multicultural environments and coordinating international projects
